

## Guidance on Intermediate judging.

### QUALITY OF CROPS- 150 points

You choose what vegetables, fruit and flowers to grow. All plants should be vigorous, sturdy and free from obvious signs of excess damage by pests, disease or weather.

### ORIGINALITY OF LAYOUT OR DESIGN – 50 points

Crops should be arranged in growing families such as, brassicas, legumes, root vegetables.

The use of crop protection is acceptable, such as enviromesh frames.

### CONDITION OF PLOT – 25 points

There should be an absence of weeds and litter, with no piles of weeds or other vegetation lying around. The plot and paths must be well maintained, any grass paths should be mowed and edged.

### VISUAL ASPECT – 25 points

The judge will consider the overall neatness and tidiness of the plot.

**TOTAL POINTS TO BE SCORED 250**
